Section III. Teacher Qualifications

The requirements for certain teachers changed in 2002 with the passage of the No Child Left Behind Act (NCLB). The NCLB requires charter school teachers assigned to teach core academic subject areas (i.e., English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography) to be “highly qualified.” To be “highly qualified,” a teacher assigned to teach a core academic subject area must hold a bachelor’s degree and demonstrate competency in each area of assignment. (For more information about required teacher qualifications, please see the two issues of the *NCLB Bulletin*, available online at <http://www.tea.state.tx.us/nclb/bulletin.html>).

Charter school teachers assigned to teach subjects that are not considered core academic subject areas under the NCLB must meet the state law requirement of a high school diploma. Furthermore, state law and rule require charter school teachers assigned to teach special education, bilingual education, and English as a second language to be certified.

Many charter schools require their teachers to have additional qualifications beyond the minimum requirements of federal and/or state law.

- A. In the space below, please set forth the qualifications that the charter school requires for teachers assigned to teach core academic subject areas (i.e., English, reading or language arts, mathematics, science, foreign languages, civics and government, economics, arts, history, and geography).

Type Here:

All teachers are required to have a four-year college degree. Additionally, teachers are required to have at least twelve college hours in the field taught and/or be certified in the area(s). In place of the college hours and certification, documented alternative experiences may be considered. Alternative experiences consist of two or more years work experience based upon the subject matter to be taught.

- B. In the space below, please set forth the qualifications that the charter school requires for teachers assigned to teach subjects that are not considered core academic subject areas under the NCLB.

Type Here:

All FWAFA teachers are required to possess a college degree from a four year university with experience in the area to be taught.

- C. In the space below, please set forth the qualifications that the charter school requires for teachers assigned to teach special education.

Type Here:

Due to FWAFA’s commitment to educating students receiving special education services in the least restrictive environment, all instructors teach these students. Teachers who teach classes composed entirely of student receiving these services – resource rooms – are certified in special education.

- D. In the space below, please set forth the qualifications that the charter school requires for teachers assigned to teach bilingual education and/or English as a second language.

Type Here:

Currently, FWAFA is not serving students who need these services. However, FWAFA does employ staff with ESL certification. If and when the bilingual education and/or English as a second language services were needed, an ESL endorsement would be required.

- (b) The information must be destroyed at the request of the parents. However, a permanent record of a student's name, address, and phone number, his or her grades, attendance record, classes attended, grade level completed, and year completed may be maintained without time limitation.

34 CFR §300.574. Children's rights.

- (a) The [charter holder] shall provide policies and procedures regarding the extent to which children are afforded rights of privacy similar to those afforded to parents, taking into consideration the age of the child and type or severity of disability.
- (b) Under the regulations for the Family Educational Rights and Privacy Act of 1974 (34 CFR 99.5(a)), the rights of parents regarding education records are transferred to the student at age 18.
- (c) If the rights accorded to parents under Part B of the [IDEA] are transferred to a student who reaches the age of majority, consistent with §300.517, the rights regarding educational records in §§300.562-300.573 must also be transferred to the student. However, the [charter holder] must provide any notice required under section 615 of the [IDEA] to the student and the parents.

The document must include information a parent needs to effectively participate in an admission, review, and dismissal committee meeting for the parent's child.
- (b) [The charter holder will provide] the document required under this section to the parent as provided by 20 U.S.C. §1415(b):
 - (1) as soon as practicable after a child is referred to determine the child's eligibility for admission into the [charter school's] special education program, but at least five school days before the date of the initial meeting of the admission, review, and dismissal committee; and

E. Consent

Initial: RW

34 CFR §300.500. General responsibility of public agencies; definitions.

- (a) [] [Each charter holder] establishes, maintains, and implements procedural safeguards that meet the requirements of §§300.500-300.529.
- (b) Definitions of "consent," [] As used in this part --
 - (1) Consent means that --
 - (i) The parent has been fully informed of all information relevant to the activity for which consent is sought, in his or her native language, or other mode of communication;
 - (ii) The parent understands and agrees in writing to the carrying out of the activity for which his or her consent is sought, and the consent describes that activity and lists the records (if any) that will be released and to whom; and

- (iii) (A) The parent understands that the granting of consent is voluntary on the part of the parent and may be revoked at anytime.
- (B) If a parent revokes consent, that revocation is not retroactive (i.e., it does not negate an action that has occurred after the consent was given and before the consent was revoked).

34 CFR §300.505. Parental consent.

(a) General.

- (1) Subject to paragraphs (a)(3), (b) and (c) of this section, informed parent consent must be obtained before—
 - (i) Conducting an initial evaluation or reevaluation; and
 - (ii) Initial provision of special education and related services to a child with a disability.
- (2) Consent for initial evaluation may not be construed as consent for initial placement described in paragraph (a)(1)(ii) of this section.
- (3) Parental consent is not required before—
 - (i) Reviewing existing data as part of an evaluation or a reevaluation; or
 - (ii) Administering a test or other evaluation that is administered to all children unless, before administration of that test or evaluation, consent is required of parents of all children.
- (b) Refusal. If the parents of a child with a disability refuse consent for initial evaluation or a reevaluation, the [charter holder] may continue to pursue those evaluations by using the due process procedures under §§300.507-300.509, or the mediation procedures under §300.506 if appropriate, except to the extent inconsistent with State law relating to parental consent.
- (c) Failure to respond to request for reevaluation.
 - (1) Informed parental consent need not be obtained for reevaluation if the [charter holder] can demonstrate that it has taken reasonable measures to obtain that consent, and the child's parent has failed to respond.
 - (2) To meet the reasonable measures requirement in paragraph (c)(1) of this section, the [charter holder] must use procedures consistent with those in §300.345(d).
- (d) Additional State consent requirements. In addition to the parental consent requirements described in paragraph (a) of this section, a State may require parental consent for other services and activities under this part if it ensures that each public agency in the State establishes and implements effective procedures to ensure that a parent's refusal to consent does not result in a failure to provide the child with FAPE.
- (e) Limitation. [The charter holder] may not use a parent's refusal to consent to one service or activity under paragraphs (a) and (d) of this section to deny the parent or child any other service, benefit, or activity of the [charter holder], except as required by this part.

TEC §29.0041. Information and Consent for Certain Psychological Examinations or Tests.

- (a) On request of a child's parent, before obtaining the parent's consent under 20 U.S.C. §1414 for the administration of any psychological examination or test to the child that is included as part of the evaluation of the child's need for special education, [the charter holder] shall provide to the child's parent:
 - (1) the name and type of the examination or test; and
 - (2) an explanation of how the examination or test will be used to develop an appropriate individualized education program for the child.
- (b) If the [charter holder] determines that an additional examination or test is required for the evaluation of a child's need for special education after obtaining consent from the child's parent under Subsection (a), the [charter holder] shall provide the information described by Subsections (a)(1) and (2) to the child's parent regarding the additional examination or test and shall obtain additional consent for the examination or test.
- (c) The time required for the [charter holder] to provide information and seek consent under Subsection (b) may not be counted toward the 60 calendar days for completion of an evaluation under Section 29.004. If a parent does not give consent under Subsection (b) within 20 calendar days after the date the [charter holder] provided to the parent the information required by that subsection, the parent's consent is considered denied.

F. Evaluation

19 TAC §89.1011. Referral for Full and Individual Initial Evaluation.

Referral of students for a full and individual initial evaluation for possible special education services shall be a part of the [charter holder's] overall, general education referral or screening system. Prior to referral, students experiencing difficulty in the general classroom should be considered for all support services available to all students, such as tutorial, remedial, compensatory, and other services. If the student continues to experience difficulty in the general classroom after the provision of interventions, [charter holder] personnel must refer the student for a full and individual initial evaluation. This referral for a full and individual initial evaluation may be initiated by school personnel, the student's parents or legal guardian, or another person involved in the education or care of the student.

TEC §29.004. Full Individual and Initial Evaluation.

- (a) A written report of a full individual and initial evaluation of a student for purposes of special education services shall be completed not later than the 60th calendar day following the date on which the [charter holder], in accordance with 20 U.S.C. §1414(a), as amended, receives written consent for the evaluation, signed by the student's parent or legal guardian.
- (b) The evaluation shall be conducted using procedures that are appropriate for the student's most proficient method of communication.

TEC §29.0041. Information and Consent for Certain Psychological Examinations or Tests.

- (a) On request of a child's parent, before obtaining the parent's consent under 20 U.S.C. §1414 for the administration of any psychological examination or test to the child that is included as part of the evaluation of the child's need for special education, [the charter holder] shall provide to the child's parent:
 - (1) the name and type of the examination or test; and
 - (2) an explanation of how the examination or test will be used to develop an appropriate individualized education program for the child.
- (b) If the [charter holder] determines that an additional examination or test is required for the evaluation of a child's need for special education after obtaining consent from the child's parent under Subsection (a), the [charter holder] shall provide the information described by Subsections (a)(1) and (2) to the child's parent regarding the additional examination or test and shall obtain additional consent for the examination or test.
- (c) The time required for the [charter holder] to provide information and seek consent under Subsection (b) may not be counted toward the 60 calendar days for completion of an evaluation under §29.004. If a parent does not give consent under Subsection (b) within 20 calendar days after the date the [charter holder] provided to the parent the information required by that subsection, the parent's consent is considered denied.

34 CFR §300.531. Initial evaluation.

[The charter holder] shall conduct a full and individual initial evaluation, in accordance with §§300.532 and 300.533, before the initial provision of special education and related services to a child with a disability under Part B of the [IDEA].

34 CFR §300.532. Evaluation procedures.

[The charter holder] shall ensure, at a minimum, that the following requirements are met:

- (a) (1) Tests and other evaluation materials used to assess a child under Part B of the [IDEA]—
 - (i) Are selected and administered so as not to be discriminatory on a racial or cultural basis; and
 - (ii) Are provided and administered in the child's native language or other mode of communication, unless it is clearly not feasible to do so; and
- (2) Materials and procedures used to assess a child with limited English proficiency are selected and administered to ensure that they measure the extent to which the child has a disability and needs special education, rather than measuring the child's English language skills.
- (b) A variety of assessment tools and strategies are used to gather relevant functional and developmental information about the child, including information provided by the parent, and information related to enabling the child to be involved in and progress in the general curriculum (or for a preschool child, to participate in appropriate activities), that may assist in determining—
 - (1) Whether the child is a child with a disability under §300.7; and
 - (2) The content of the child's IEP.

- (c) (1) Any standardized tests that are given to a child—
 - (i) Have been validated for the specific purpose for which they are used; and
 - (ii) Are administered by trained and knowledgeable personnel in accordance with any instructions provided by the producer of the tests.
- (2) If an assessment is not conducted under standard conditions, a description of the extent to which it varied from standard conditions (e.g., the qualifications of the person administering the test, or the method of test administration) must be included in the evaluation report.
- (d) Tests and other evaluation materials include those tailored to assess specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient.
- (e) Tests are selected and administered so as best to ensure that if a test is administered to a child with impaired sensory, manual, or speaking skills, the test results accurately reflect the child's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the child's impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure).
- (f) No single procedure is used as the sole criterion for determining whether a child is a child with a disability and for determining an appropriate educational program for the child.
- (g) The child is assessed in all areas related to the suspected disability, including, if appropriate, health, vision, hearing, social and emotional status, general intelligence, academic performance, communicative status, and motor abilities.
- (h) In evaluating each child with a disability under §§300.531--300.536, the evaluation is sufficiently comprehensive to identify all of the child's special education and related services needs, whether or not commonly linked to the disability category in which the child has been classified.
- (i) The [charter holder] uses technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.
- (j) The [charter holder] uses assessment tools and strategies that provide relevant information that directly assists persons in determining the educational needs of the child.

34 CFR §300.533. Determination of needed evaluation data.

- (a) Review of existing evaluation data. As part of an initial evaluation (if appropriate) and as part of any reevaluation under Part B of the [IDEA], a group that includes the individuals described in §300.344, and other qualified professionals, as appropriate, shall—
 - (1) Review existing evaluation data on the child, including-
 - (i) Evaluations and information provided by the parents of the child;
 - (ii) Current classroom-based assessments and observations; and
 - (iii) Observations by teachers and related services providers; and
 - (2) On the basis of that review, and input from the child's parents, identify what additional data, if any, are needed to determine—
 - (i) Whether the child has a particular category of disability, as described in §300.7, or, in case of a reevaluation of a child, whether the child continues to have such a disability;
 - (ii) The present levels of performance and educational needs of the child;
 - (iii) Whether the child needs special education and related services, or in the case of a reevaluation of a child, whether the child continues to need special education and related services; and
 - (iv) Whether any additions or modifications to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the IEP of the child and to participate, as appropriate, in the general curriculum.
- (b) Conduct of review. The group described in paragraph (a) of this section may conduct its review without a meeting.
- (c) Need for additional data. The [charter holder] shall administer tests and other evaluation materials as may be needed to produce the data identified under paragraph (a) of this section.
- (d) Requirements if additional data are not needed.
 - (1) If the determination under paragraph (a) of this section is that no additional data are needed to determine whether the child continues to be a child with a disability, the [charter holder] shall notify the child's parents—
 - (i) Of that determination and the reasons for it; and
 - (ii) Of the right of the parents to request an assessment to determine whether, for purposes of services under this part, the child continues to be a child with a disability.

- (2) The [charter holder] is not required to conduct the assessment described in paragraph (d)(1)(ii) of this section unless requested to do so by the child's parents.

19 TAC §89.1040. Eligibility Criteria.

- (a) Special education services. To be eligible to receive special education services, a student must be a "child with a disability," as defined in 34 Code of Federal Regulations (CFR), §300.7(a), subject to the provisions of 34 CFR, §300.7(c), the Texas Education Code (TEC), §29.003, and this section. The provisions in this section specify criteria to be used in determining whether a student's condition meets one or more of the definitions in federal regulations or in state law.
- (b) Eligibility determination. The determination of whether a student is eligible for special education and related services is made by the student's admission, review, and dismissal (ARD) committee. Any evaluation or re-evaluation of a student shall be conducted in accordance with 34 CFR, §§300.530-300.536. The multidisciplinary team that collects or reviews evaluation data in connection with the determination of a student's eligibility must include, but is not limited to, the following:
- (1) a licensed specialist in school psychology (LSSP), an educational diagnostician, or other appropriately certified or licensed practitioner with experience and training in the area of the disability; or
 - (2) a licensed or certified professional for a specific eligibility category defined in subsection (c) of this section.

34 CFR §300.534. Determination of eligibility.

- (a) Upon completing the administration of tests and other evaluation materials—
- (1) A group of qualified professionals and the parent of the child must determine whether the child is a child with a disability, as defined in §300.7; and
 - (2) The [charter holder] must provide a copy of the evaluation report and the documentation of determination of eligibility to the parent.
- (b) A child may not be determined to be eligible under this part if—
- (1) The determinant factor for that eligibility determination is—
 - (i) Lack of instruction in reading or math; or
 - (ii) Limited English proficiency; and
 - (2) The child does not otherwise meet the eligibility criteria under §300.7(a).
- (c) (1) [The charter holder] must evaluate a child with a disability in accordance with §§300.532 and 300.533 before determining that the child is no longer a child with a disability.
- (2) The evaluation described in paragraph (c)(1) of this section is not required before the termination of a student's eligibility under Part B of the [IDEA] due to graduation with a regular high school diploma, or exceeding the age eligibility for FAPE under State law.

34 CFR §300.535. Procedures for determining eligibility and placement.

- (a) In interpreting evaluation data for the purpose of determining if a child is a child with a disability under §300.7, and the educational needs of the child, [the charter holder] shall—
- (1) Draw upon information from a variety of sources, including aptitude and achievement tests, parent input, teacher recommendations, physical condition, social or cultural background, and adaptive behavior; and
 - (2) Ensure that information obtained from all of these sources is documented and carefully considered.
- (b) If a determination is made that a child has a disability and needs special education and related services, an IEP must be developed for the child in accordance with §§300.340-300.350.

34 CFR §300.536. Reevaluation.

[The charter holder] shall ensure—

- (a) That the IEP of each child with a disability is reviewed in accordance with §§300.340-300.350; and
- (b) That a reevaluation of each child, in accordance with §§300.532-300.535, is conducted if conditions warrant a reevaluation, or if the child's parent or teacher requests a reevaluation, but at least once every three years.

34 CFR §300.540. Additional team members.

The determination of whether a child suspected of having a specific learning disability is a child with a disability as defined in §300.7, must be made by the child's parents and a team of qualified professionals which must include—

- (a) (1) The child's regular teacher; or

- (2) If the child does not have a regular teacher, a regular classroom teacher qualified to teach a child of his or her age; or
- (3) For a child of less than school age, an individual qualified by the SEA to teach a child of his or her age; and
- (b) At least one person qualified to conduct individual diagnostic examinations of children, such as a school psychologist, speech-language pathologist, or remedial reading teacher.

34 CFR §300.541. Criteria for determining the existence of a specific learning disability.

- (a) A team may determine that a child has a specific learning disability if—
 - (1) The child does not achieve commensurate with his or her age and ability levels in one or more of the areas listed in paragraph (a)(2) of this section, if provided with learning experiences appropriate for the child's age and ability levels; and
 - (2) The team finds that a child has a severe discrepancy between achievement and intellectual ability in one or more of the following areas:
 - (i) Oral expression.
 - (ii) Listening comprehension.
 - (iii) Written expression.
 - (iv) Basic reading skill.
 - (v) Reading comprehension.
 - (vi) Mathematics calculation.
 - (vii) Mathematics reasoning.
- (b) The team may not identify a child as having a specific learning disability if the severe discrepancy between ability and achievement is primarily the result of—
 - (1) A visual, hearing, or motor impairment;
 - (2) Mental retardation;
 - (3) Emotional disturbance; or
 - (4) Environmental, cultural or economic disadvantage.

34 CFR §300.542. Observation.

- (a) At least one team member other than the child's regular teacher shall observe the child's academic performance in the regular classroom setting.
- (b) In the case of a child of less than school age or out of school, a team member shall observe the child in an environment appropriate for a child of that age.

34 CFR §300.543. Written report.

- (a) For a child suspected of having a specific learning disability, the documentation of the team's determination of eligibility, as required by §300.534(a)(2), must include a statement of—
 - (1) Whether the child has a specific learning disability;
 - (2) The basis for making the determination;
 - (3) The relevant behavior noted during the observation of the child;
 - (4) The relationship of that behavior to the child's academic functioning;
 - (5) The educationally relevant medical findings, if any;
 - (6) Whether there is a severe discrepancy between achievement and ability that is not correctable without special education and related services; and
 - (7) The determination of the team concerning the effects of environmental, cultural, or economic disadvantage.
- (b) Each team member shall certify in writing whether the report reflects his or her conclusion. If it does not reflect his or her conclusion, the team member must submit a separate statement presenting his or her conclusions.

19 TAC §89.1050(d). [30-day timeline]

(d) ARD committee shall make its decisions regarding students referred for a full and individual initial evaluation within 30 calendar days from the date of the completion of the written full and individual initial evaluation report. If the 30th day falls during the summer and school is not in session, the ARD committee shall have until the first day of classes in the fall to finalize decisions concerning the initial eligibility determination, the IEP, and placement, unless the full and individual initial evaluation indicates that the student will need extended school year (ESY) services during that summer.

19 TAC §89.1045(b). Notice to Parents for Admission, Review, and Dismissal (ARD) Committee Meetings.

(b) A parent may request an ARD committee meeting at any mutually agreeable time to address specific concerns about his or her child's special education services. The [charter holder] must respond to the parent's request either by holding the requested meeting or by requesting assistance through the Texas Education Agency's mediation process. The [charter holder] should inform parents of the functions of the ARD committee and the circumstances or types of problems for which requesting an ARD committee meeting would be appropriate.

34 CFR §300.342. When IEPs must be in effect.

- (a) General. At the beginning of each school year, [the charter holder] shall have an IEP in effect for each child with a disability within its jurisdiction.
- (b) Implementation of IEPs. [The charter holder] shall ensure that—
 - (1) An IEP—
 - (i) Is in effect before special education and related services are provided to an eligible child under this part; and
 - (ii) Is implemented as soon as possible following the meetings described under §300.343;
 - (2) The child's IEP is accessible to each regular education teacher, special education teacher, related service provider, and other service provider who is responsible for its implementation; and
 - (3) Each teacher and provider described in paragraph (b)(2) of this section is informed of—
 - (i) His or her specific responsibilities related to implementing the child's IEP; and
 - (ii) The specific accommodations, modifications, and supports that must be provided for the child in accordance with the IEP.

19 TAC §89.1050(b). [IFSP/IEP]

- (b) For a child from birth through two years of age with visual and/or auditory impairments, an individualized family services plan (IFSP) meeting must be held in place of an ARD committee meeting in accordance with 34 CFR, §§303.340-303.346, and the memorandum of understanding between the Texas Education Agency (TEA) and Texas Interagency Council on Early Childhood Intervention. For students three years of age and older, the [charter holder] must develop an IEP.

19 TAC §89.1050(f). For a student who is new to a [charter school]:

- (f) (1) when a student transfers within the state, the ARD committee may, but is not required to, meet when the student enrolls and a copy of the student's IEP is available, the parent(s) indicate in writing that they are satisfied with the current IEP, and the [charter holder] determines that the current IEP is appropriate and can be implemented as written; or
- (2) if the conditions of subsection (f)(1) of this section are not met, then the ARD committee must meet when the student enrolls and the parents verify that the student was receiving special education services in the previous school district or [charter school], or the previous school verifies in writing or by telephone that the student was receiving special education services. At this meeting, the ARD committee must do one of the following:
 - (A) the ARD committee may determine that it has appropriate evaluation data and other information to develop and begin implementation of a complete IEP for the student; or
 - (B) the ARD committee may determine that valid evaluation data and other information from the previous school district [or charter school] are insufficient or unavailable to develop a complete IEP. In this event, the ARD committee may authorize the provision of temporary special education services pending receipt of valid evaluation data from the previous school district [or charter school] or the collection of new evaluation data by the current [charter holder]. In this situation, a second ARD committee meeting must be held within 30 school days from the date of the first ARD committee meeting to finalize or develop an IEP based on current information.
- (3) In accordance with TEC, §25.002, the school district [or charter school] in which the student was previously enrolled shall furnish the new school district [or charter holder] with a copy of the student's records, including the child's special education records, not later than the 30th calendar day after the student was enrolled in the new school district [or charter school]. The Family Educational Rights and Privacy Act (FERPA), 20 U.S.C., §1232g, does not require the student's current and previous school districts [or charter holders] to obtain parental consent before requesting or sending the student's special education records if the disclosure is conducted in accordance with 34 CFR, §99.31(a)(2) and §99.34.

- (d) FAPE for children suspended or expelled from school.
 - (1) The [charter holder] need not provide services during periods of removal under §300.520(a)(1) to a child with a disability who has been removed from his or her current placement for 10 school days or less in that school year, if services are not provided to a child without disabilities who has been similarly removed.
 - (2) In the case of a child with a disability who has been removed from his or her current placement for more than 10 school days in that school year, the [charter holder], for the remainder of the removals, must--
 - (i) Provide services to the extent necessary to enable the child to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the child's IEP, if the removal is--
 - (A) Under the school personnel's authority to remove for not more than 10 consecutive school days as long as that removal does not constitute a change of placement under §300.519(b) (§300.520(a)(1)); or
 - (B) For behavior that is not a manifestation of the child's disability, consistent with §300.524; and
 - (ii) Provide services consistent with §300.522, regarding determination of the appropriate interim alternative educational setting, if the removal is--
 - (A) For drug or weapons offenses under §300.520(a)(2); or

 - (3) (i) School personnel, in consultation with the child's special education teacher, determine the extent to which services are necessary to enable the child to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the child's IEP if the child is removed under the authority of school personnel to remove for not more than 10 consecutive school days as long as that removal does not constitute a change of placement under §300.519 (§300.520(a)(1)).
 - (ii) The child's IEP team determines the extent to which services are necessary to enable the child to appropriately progress in the general curriculum and appropriately advance toward achieving the goals set out in the child's IEP if the child is removed because of behavior that has been determined not to be a manifestation of the child's disability, consistent with §300.524.
- (e) Children advancing from grade to grade.
 - (1) The [charter holder] will ensure that FAPE is available to any individual child with a disability [enrolled in the school] who needs special education and related services, even though the child is advancing from grade to grade.
 - (2) The determination that a child [] is eligible under this part, must be made on an individual basis by the group responsible within the child's [charter school] for making those determinations [(e.g., the ARD committee)]

 - (iv) Consider the communication needs of the child, and in the case of a child who is deaf or hard of hearing, consider the child's language and communication needs, opportunities for direct communications with peers and professional personnel in the child's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the child's language and communication mode; and
 - (v) Consider whether the child requires assistive technology devices and services.
- (b) Review and Revision of IEP. In conducting a meeting to review, and, if appropriate, revise a child's IEP, the IEP team shall consider the factors described in paragraph (a) of this section.
- (c) Statement in IEP. If, in considering the special factors described in paragraphs (a)(1) and (2) of this section, the IEP team determines that a child needs a particular device or service (including an intervention, accommodation, or other program modification) in order for the child to receive FAPE, the IEP team must include a statement to that effect in the child's IEP.
- (d) Requirement with respect to regular education teacher. The regular education teacher of a child with a disability, as a member of the IEP team, must, to the extent appropriate, participate in the development, review, and revision of the child's IEP, including assisting in the determination of—

34 CFR §300.348. Agency responsibilities for transition services.

- (a) If a participating agency, other than the [charter holder], fails to provide the transition services described in the IEP in accordance with §300.347(b)(1), the [charter holder] shall reconvene the IEP team to identify alternative strategies to meet the transition objectives for the student set out in the IEP.

34 CFR §300.350. IEP accountability.

- (a) Provision of services. Subject to paragraph (b) of this section, [the charter holder] must—
 - (1) Provide special education and related services to a child with a disability in accordance with the child's IEP; and

34 CFR §300.309. Extended school year services.

- (a) General.
- (1) [The charter holder] shall ensure that extended school year services are available as necessary to provide FAPE, consistent with paragraph (a)(2) of this section.
 - (2) Extended school year services must be provided only if a child's IEP team determines, on an individual basis, in accordance with §§300.340-300.350, that the services are necessary for the provision of FAPE to the child.
 - (3) In implementing the requirements of this section, [the charter holder] may not—
 - (i) Limit extended school year services to particular categories of disability; or
 - (ii) Unilaterally limit the type, amount, or duration of those services.

- (1) Are provided to a child with a disability—
 - (i) Beyond the normal school year of the [charter school];
 - (ii) In accordance with the child's IEP; and
 - (iii) At no cost to the parents of the child; and
 - (2) Meet the standards of the [TEA].

19 TAC §89.1065. Extended School Year Services (ESY Services).

Extended school year (ESY) services are defined as individualized instructional programs beyond the regular school year for eligible students with disabilities.

- (1) The need for ESY services must be determined on an individual student basis by the admission, review, and dismissal (ARD) committee in accordance with 34 Code of Federal Regulations (CFR), §300.309, and the provisions of this section. In determining the need for and in providing ESY services, [the charter holder] may not:
 - (A) limit ESY services to particular categories of disability; or
 - (B) unilaterally limit the type, amount, or duration of ESY services.
- (2) The need for ESY services must be documented from formal and/or informal evaluations provided by the [charter holder] or the parents. The documentation shall demonstrate that in one or more critical areas addressed in the current individualized education program (IEP) objectives, the student has exhibited, or reasonably may be expected to exhibit, severe or substantial regression that cannot be recouped within a reasonable period of time. Severe or substantial regression means that the student has been, or will be, unable to maintain one or more acquired critical skills in the absence of ESY services.
- (3) The reasonable period of time for recoupment of acquired critical skills shall be determined on the basis of needs identified in each student's IEP. If the loss of acquired critical skills would be particularly severe or substantial, or if such loss results, or reasonably may be expected to result, in immediate physical harm to the student or to others, ESY services may be justified without consideration of the period of time for recoupment of such skills. In any case, the period of time for recoupment shall not exceed eight weeks.
- (4) A skill is critical when the loss of that skill results, or is reasonably expected to result, in any of the following occurrences during the first eight weeks of the next regular school year:
 - (A) placement in a more restrictive instructional arrangement;
 - (B) significant loss of acquired skills necessary for the student to appropriately progress in the general curriculum;
 - (C) significant loss of self-sufficiency in self-help skill areas as evidenced by an increase in the number of direct service staff and/or amount of time required to provide special education or related services;
 - (D) loss of access to community-based independent living skills instruction or an independent living environment provided by noneducational sources as a result of regression in skills; or
 - (E) loss of access to on-the-job training or productive employment as a result of regression in skills.
- (5) If the [charter holder] does not propose ESY services for discussion at the annual review of a student's IEP, the parent may request that the ARD committee discuss ESY services pursuant to 34 CFR, §300.344.
- (6) If a student for whom ESY services were considered and rejected loses critical skills because of the decision not to provide ESY services, and if those skills are not regained after the reasonable period of time for recoupment, the ARD committee shall reconsider the current IEP if the student's loss of critical skills interferes with the implementation of the student's IEP.
- (7) For students enrolling in a district [or charter school] during the school year, information obtained from the prior school district [or charter holder] as well as information collected during the current year may be used to determine the need for ESY services.
- (8) The provision of ESY services is limited to the educational needs of the student and shall not supplant or limit the responsibility of other public agencies to continue to provide care and treatment services pursuant to policy or practice, even when those services are

similar to, or the same as, the services addressed in the student's IEP. No student shall be denied ESY services because the student receives care and treatment services under the auspices of other agencies.

- (9) [The charter holder is] not eligible for reimbursement for ESY services provided to students for reasons other than those set forth in this section.

19 TAC §89.1050(g). [Discipline]

- (g) All disciplinary actions regarding students with disabilities shall be determined in accordance with 34 CFR, §§300.121 and 300.519-300.529 (relating to disciplinary actions and procedures), the TEC, Chapter 37, Subchapter A (Alternative Settings for Behavior Management), and §89.1053 of this title (relating to Procedures for Use of Restraint and Time-Out).

19 TAC §89.1050(h). [Disagreements]

- (h) All members of the ARD committee shall have the opportunity to participate in a collaborative manner in developing the IEP. A decision of the committee concerning required elements of the IEP shall be made by mutual agreement of the required members if possible. The committee may agree to an annual IEP or an IEP of shorter duration.
- (1) When mutual agreement about all required elements of the IEP is not achieved, the party (the parents or adult student) who disagrees shall be offered a single opportunity to have the committee recess for a period of time not to exceed ten school days. This recess is not required when the student's presence on the campus presents a danger of physical harm to the student or others or when the student has committed an expellable offense or an offense which may lead to a placement in an alternative education program (AEP). The requirements of this subsection (h) do not prohibit the members of the ARD committee from recessing an ARD committee meeting for reasons other than the failure of the parents and the [charter holder] from reaching mutual agreement about all required elements of an IEP.
 - (2) During the recess the committee members shall consider alternatives, gather additional data, prepare further documentation, and/or obtain additional resource persons which may assist in enabling the ARD committee to reach mutual agreement.
 - (3) The date, time, and place for continuing the ARD committee meeting shall be determined by mutual agreement prior to the recess.
 - (4) If a ten-day recess is implemented as provided in paragraph (1) of this subsection and the ARD committee still cannot reach mutual agreement, the [charter holder] shall implement the IEP which it has determined to be appropriate for the student.
 - (5) When mutual agreement is not reached, a written statement of the basis for the disagreement shall be included in the IEP. The members who disagree shall be offered the opportunity to write their own statements.
 - (6) When the [charter holder] implements an IEP with which the parents disagree or the adult student disagrees, the [charter holder] shall provide prior written notice to the parents or adult student as required in 34 CFR, §300.503.
 - (7) Parents shall have the right to file a complaint, request mediation, or request a due process hearing at any point when they disagree with decisions of the ARD committee.

TEC §37.0021. Use of Confinement, Restraint, Seclusion, and Time-Out.

- (a) It is the policy of this state to treat with dignity and respect all students, including students with disabilities who receive special education services under Subchapter A, Chapter 29. A student with a disability who receives special education services under Subchapter A, Chapter 29, may not be confined in a locked box, locked closet, or other specially designed locked space as either a discipline management practice or a behavior management technique.
- (b) In this section:
- (1) "Restraint" means the use of physical force or a mechanical device to significantly restrict the free movement of all or a portion of a student's body.
 - (2) "Seclusion" means a behavior management technique in which a student is confined in a locked box, locked closet, or locked room that:
 - (A) is designed solely to seclude a person; and
 - (B) contains less than 50 square feet of space.
 - (3) "Time-out" means a behavior management technique in which, to provide a student with an opportunity to regain self-control, the student is separated from other students for a limited period in a setting:
 - (A) that is not locked; and
 - (B) from which the exit is not physically blocked by furniture, a closed door held shut from the outside, or another inanimate object.
- (c) [The charter holder] employee or volunteer or an independent contractor of [the charter holder] may not place a student in seclusion. This subsection does not apply to the use of seclusion in a court-ordered placement, other than a placement in an educational program of [the charter holder], or in a placement or facility to which the following law, rules, or regulations apply:

- (1) the Children's Health Act of 2000, Pub. L. No. 106-310, any subsequent amendments to that Act, any regulations adopted under that Act, or any subsequent amendments to those regulations;
 - (2) 40 T.A.C. §§720.1001-720.1013; or
 - (3) 25 T.A.C. §412.308(e).
- (d) The commissioner [of TEA] by rule shall adopt procedures for the use of restraint and time-out by [the charter holder] employee or volunteer or an independent contractor of [the charter holder] in the case of a student with a disability receiving special education services under Subchapter A, Chapter 29. A procedure adopted under this subsection must:
- (1) be consistent with:
 - (A) professionally accepted practices and standards of student discipline and techniques for behavior management; and
 - (B) relevant health and safety standards; and
 - (2) identify any discipline management practice or behavior management technique that requires [the charter holder] employee or volunteer or an independent contractor of [the charter holder] to be trained before using that practice or technique.
- (e) In the case of a conflict between a rule adopted under Subsection (d) and a rule adopted under Subchapter A, Chapter 29, the rule adopted under Subsection (d) controls.
- (f) For purposes of this subsection, "weapon" includes any weapon described under §37.007(a)(1). This section does not prevent a student's locked, unattended confinement in an emergency situation while awaiting the arrival of law enforcement personnel if:
- (1) the student possesses a weapon; and
 - (2) the confinement is necessary to prevent the student from causing bodily harm to the student or another person.
- (g) This section and any rules or procedures adopted under this section do not apply to:
- (1) a peace officer while performing law enforcement duties;
 - (2) juvenile probation, detention, or corrections personnel; or
 - (3) an educational services provider with whom a student is placed by a judicial authority, unless the services are provided in an educational program of [the charter holder].

19 TAC §89.1053. Procedures for Use of Restraint and Time-Out.

- (a) Requirement to implement. In addition to the requirements of 34 Code of Federal Regulations (CFR), §300.346(a)(2)(i) and (c), school districts and charter schools must implement the provisions of this section regarding the use of restraint and time-out. In accordance with the provisions of Texas Education Code (TEC), §37.0021 (Use of Confinement, Restraint, Seclusion, and Time-Out), it is the policy of the state to treat with dignity and respect all students, including students with disabilities who receive special education services under TEC, Chapter 29, Subchapter A.
- (b) Definitions.
- (1) Emergency means a situation in which a student's behavior poses a threat of:
 - (A) imminent, serious physical harm to the student or others; or
 - (B) imminent, serious property destruction.
 - (2) Restraint means the use of physical force or a mechanical device to significantly restrict the free movement of all or a portion of the student's body.
 - (3) Time-out means a behavior management technique in which, to provide a student with an opportunity to regain self-control, the student is separated from other students for a limited period in a setting:
 - (A) that is not locked; and
 - (B) from which the exit is not physically blocked by furniture, a closed door held shut from the outside, or another inanimate object.
- (c) Use of restraint. A school employee, volunteer, or independent contractor may use restraint only in an emergency as defined in subsection (b) of this section and with the following limitations.
- (1) Restraint shall be limited to the use of such reasonable forces as is necessary to address the emergency.
 - (2) Restraint shall be discontinued at the point at which the emergency no longer exists.
 - (3) Restraint shall be implemented in such a way as to protect the health and safety of the student and others.
 - (4) Restraint shall not deprive the student of basic human necessities.
- (d) Training on use of restraint. Training for school employees, volunteers, or independent contractors shall be provided according to the following requirements.

- (1) Not later than April 1, 2003, a core team of personnel on each campus must be trained in the use of restraint, and the team must include a campus administrator or designee and any general or special education personnel likely to use restraint.
 - (2) After April 1, 2003, personnel called upon to use restraint in an emergency and who have not received prior training must receive training within 30 school days following the use of restraint.
 - (3) Training on use of restraint must include prevention and de-escalation techniques and provide alternatives to the use of restraint.
 - (4) All trained personnel shall receive instruction in current professionally accepted practices and standards regarding behavior management and the use of restraint.
- (e) Documentation and notification on use of restraint. In a case in which restraint is used, school employees, volunteers, or independent contractors shall implement the following documentation requirements.
- (1) On the day restraint is utilized, the campus administrator or designee must be notified verbally or in writing regarding the use of restraint.
 - (2) On the day restraint is utilized, a good faith effort shall be made to verbally notify the parent(s) regarding the use of restraint.
 - (3) Written notification of the use of restraint must be placed in the mail or otherwise provided to the parent within one school day of the use of restraint.
 - (4) Written documentation regarding the use of restraint must be placed in the student's special education eligibility folder in a timely manner so the information is available to the ARD committee when it considers the impact of the student's behavior on the student's learning and/or the creation or revision of a behavioral intervention plan (BIP).
 - (5) Written notification to the parent(s) and documentation to the student's special education eligibility folder shall include the following:
 - (A) name of the student;
 - (B) name of the staff member(s) administering the restraint;
 - (C) date of the restraint and the time the restraint began and ended;
 - (D) location of the restraint;
 - (E) nature of the restraint;
 - (F) a description of the activity in which the student was engaged immediately preceding the use of restraint;
 - (G) the behavior that prompted the restraint;
 - (H) the efforts made to de-escalate the situation and alternatives to restraint that were attempted; and
 - (I) information documenting parent contact and notification.
- (f) Clarification regarding restraint. The provisions adopted under this section do not apply to the use of physical force or a mechanical device which does not significantly restrict the free movement of all or a portion of the student's body. Restraint that involves significant restriction as referenced in subsection (b)(2) of this section does not include:
- (1) physical contact or appropriately prescribed adaptive equipment to promote normative body positioning and/or physical functioning;
 - (2) limited physical contact with a student to promote safety (e.g., holding a student's hand), prevent a potentially harmful action (e.g., running into the street), teach a skill, redirect attention, provide guidance to a location, or provide comfort;
 - (3) limited physical contact or appropriately prescribed adaptive equipment to prevent a student from engaging in ongoing, repetitive self-injurious behaviors, with the expectation that instruction will be reflected in the individualized education program (IEP) as required by 34 CFR §300.346(a)(2)(i) and (c) to promote student learning and reduce and/or prevent the need for ongoing intervention; or
 - (4) seat belts and other safety equipment used to secure students during transportation.
- (g) Use of time-out. A school employee, volunteer, or independent contractor may use time-out in accordance with subsection (b)(3) of this section with the following limitations.
- (1) Physical force or threat of physical force shall not be used to place a student in time-out.
 - (2) Time-out may only be used in conjunction with an array of positive behavior intervention strategies and techniques and must be included in the student's IEP and/or BIP if it is utilized on a recurrent basis to increase or decrease a targeted behavior.
 - (3) Use of time-out shall not be implemented in a fashion that precludes the ability of the student to be involved in and progress in the general curriculum and advance appropriately toward attaining the annual goals specified in the student's IEP.
- (h) Training on use of time-out. Training for school employees, volunteers, or independent contractors shall be provided according to the following requirements.

- (1) Not later than April 1, 2003, general or special education personnel who implement time-out based on requirements established in a student's IEP and/or BIP must be trained in the use of time-out.
 - (2) After April 1, 2003, newly-identified personnel called upon to implement time-out based on requirements established in a student's IEP and/or BIP must receive training in the use of time-out within 30 school days of being assigned the responsibility for implementing time-out.
 - (3) Training on the use of time-out must be provided as part of a program which addresses a full continuum of positive behavioral intervention strategies, and must address the impact of time-out on the ability of the student to be involved in and progress in the general curriculum and advance appropriately toward attaining the annual goals specified in the student's IEP.
 - (4) All trained personnel shall receive instruction in current professionally accepted practices and standards regarding behavior management and the use of time-out.
- (i) Documentation on use of time-out. Necessary documentation or data collection regarding the use of timeout, if any, must be addressed in the IEP or BIP. The admission, review, and dismissal (ARD) committee must use any collected data to judge the effectiveness of the intervention and provide a basis for making determinations regarding its continued use.
 - (j) Student safety. Any behavior management technique and/or discipline management practice must be implemented in such a way as to protect the health and safety of the student and others. No discipline management practice may be calculated to inflict injury, cause harm, demean, or deprive the student of basic human necessities.
 - (k) Data reporting. Beginning with the 2003-2004 school year, with the exception of actions covered by subsection (f) of this section, data regarding the use of restraint must be electronically reported to the Texas Education Agency in accordance with reporting standards specified by the Agency.
 - (l) The provisions adopted under this section do not apply to:
 - (1) a peace officer while performing law enforcement duties;
 - (2) juvenile probation, detention, or corrections personnel; or
 - (3) an educational services provider with whom a student is placed by a judicial authority, unless the services are provided in an educational program of a school district [or charter holder].

19 TAC §89.1096. Provision of Services for Students Placed by Their Parents in Private Schools or Facilities.

- (a) Except as specifically provided in this section, in accordance with 34 Code of Federal Regulations (CFR), §300.454, no eligible student who has been placed by his or her parent(s) in a private school or facility has an individual right to receive some or all of the special education and related services that the student would receive if he or she were enrolled in a public school district [or charter school]. Except as specifically set forth in this section, a school district's [or charter holder's] obligations with respect to students placed by their parents in private schools are governed by 34 CFR, §§300.450-300.462.
- (b) When a student with a disability who has been placed by his or her parents directly in a private school or facility is referred to the local school district [or charter holder], the local district [or charter holder] shall convene an admission, review, and dismissal (ARD) committee meeting to determine whether the district [or charter holder] can offer the student a free appropriate public education (FAPE). If the district [or charter holder] determines that it can offer a FAPE to the student, the district [or charter holder] is not responsible for providing educational services to the student, except as provided in 34 CFR, §§300.450-300.462 or subsection (d) of this section, until such time as the parents choose to enroll the student in public school full-time.
- (c) Parents of an eligible student ages 3 or 4 shall have the right to "dual enroll" their student in both the public school [e.g., charter school] and the private school beginning on the student's third birthday and continuing until the end of the school year in which the student turns five or until the student is eligible to attend a district's [or charter holder's] public school kindergarten program, whichever comes first, subject to the following.
 - (1) The student's ARD committee shall develop an individualized education program (IEP) designed to provide the student with a FAPE in the least restrictive environment appropriate for the student.
 - (2) From the IEP, the parent and the district [or charter holder] shall determine which special education and/or related services will be provided to the student and the location where those services will be provided, based on the requirements concerning placement in the least restrictive environment set forth in 34 CFR, §§300.550-300.553, and the policies and procedures of the district [or charter holder].
 - (3) For students served under the provisions of this subsection, the school district [or charter holder] shall be responsible for the employment and supervision of the personnel providing the service, providing the needed instructional materials, and maintaining pupil accounting records. Materials and services provided shall be consistent with those provided for students enrolled only in the public school [e.g., charter school] and shall remain the property of the school district [or charter holder].
- (d) The school district [or charter holder] shall provide special transportation with federal funds only when the ARD committee determines that the condition of the student warrants the service in order for the student to receive the special education and related services (if any) set forth in the IEP.
- (e) Complaints regarding the implementation of the components of the student's IEP that have been selected by the parent and the district [or charter holder] under subsection (c) [(d)] of this section may be filed with the Texas Education Agency under the

procedures in 34 CFR, §§300.660-300.662. The procedures in 34 CFR, §§300.504-300.515 (relating to due process hearings) do not apply to complaints regarding the implementation of the components of the student's IEP that have been selected by the parent and the district under subsection (c) [(d)]

H. Least Restrictive Environment (LRE) Placement

Initial: RLV

34 CFR §300.550. General LRE requirements.

(b) [The charter holder] shall ensure—

- (1) That to the maximum extent appropriate, children with disabilities, including children in public or private institutions or other care facilities, are educated with children who are nondisabled; and
- (2) That special classes, separate schooling or other removal of children with disabilities from the regular educational environment occurs only if the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

34 CFR §300.551. Continuum of alternative placements.

(a) [The charter holder] shall ensure that a continuum of alternative placements is available to meet the needs of children with disabilities for special education and related services.

(b) The continuum required in paragraph (a) of this section must—

- (1) Include the alternative placements listed in the definition of special education under §300.26 (instruction in regular classes, special classes, special schools, home instruction, and instruction in hospitals and institutions); and
- (2) Make provision for supplementary services (such as resource room or itinerant instruction) to be provided in conjunction with regular class placement.

19 TAC §89.63. Instructional Arrangements and Settings.

(a) [The charter holder] shall be able to provide services with special education personnel to students with disabilities in order to meet the special needs of those students in accordance with 34 Code of Federal Regulations, §§300.550-300.554.

(b) Subject to §89.1075(e) of this title (relating to General Program Requirements and Local District Procedures) for the purpose of determining the student's instructional arrangement/setting, the regular school day is defined as the period of time determined appropriate by the admission, review, and dismissal (ARD) committee.

(c) Instructional arrangements/settings shall be based on the individual needs and individualized education programs (IEPs) of eligible students receiving special education services and shall include the following.

- (1) **Mainstream.** This instructional arrangement/setting is for providing special education and related services to a student in the regular classroom in accordance with the student's IEP. Qualified special education personnel must be involved in the implementation of the student's IEP through the provision of direct, indirect and/or support services to the student, and/or the student's regular classroom teacher(s) necessary to enrich the regular classroom and enable student success. The student's IEP must specify the services that will be provided by qualified special education personnel to enable the student to appropriately progress in the general education curriculum and/or appropriately advance in achieving the goals set out in the student's IEP. Examples of services provided in this instructional arrangement include, but are not limited to, direct instruction, helping teacher, team teaching, co-teaching, interpreter, education aides, curricular or instructional modifications/accommodations, special materials/equipment, consultation with the student and his/her regular classroom teacher(s) regarding the student's progress in regular education classes, staff development, and reduction of ratio of students to instructional staff.
- (2) **Homebound.** This instructional arrangement/setting is for providing special education and related services to students who are served at home or hospital bedside.
 - (A) Students served on a homebound or hospital bedside basis are expected to be confined for a minimum of four consecutive weeks as documented by a physician licensed to practice in the United States. Homebound or hospital bedside instruction may, as provided by local [charter holder] policy, also be provided to chronically ill students who are expected to be confined for any period of time totaling at least four weeks throughout the school year as documented by a physician licensed to practice in the United States. The student's ARD committee shall determine the amount of services to be provided to the student in this instructional arrangement/setting in accordance with federal and state laws, rules, and regulations, including the provisions specified in subsection (b) of this section.

- (B) Home instruction may also be used for services to infants and toddlers (birth through age 2) and young children (ages 3-5) when determined appropriate by the child's individualized family services plan (IFSP) committee or ARD committee. This arrangement/setting also applies to school districts [or charter holders] described in Texas Education Code, §29.014.
- (3) Hospital class. This instructional arrangement/setting is for providing special education instruction in a classroom, in a hospital facility, or a residential care and treatment facility not operated by the [charter holder]. If the students residing in the facility are provided special education services outside the facility, they are considered to be served in the instructional arrangement in which they are placed and are not to be considered as in a hospital class. . [See the TEA Letter to the Administrator Addressed, dated February 14, 2001.]
- (4) Speech therapy. This instructional arrangement/setting is for providing speech therapy services whether in a regular education classroom or in a setting other than a regular education classroom. When the only special education or related service provided to a student is speech therapy, then this instructional arrangement may not be combined with any other instructional arrangement.
- (5) Resource room/services. This instructional arrangement/setting is for providing special education and related services to a student in a setting other than regular education for less than 50% of the regular school day.
- (6) Self-contained (mild, moderate, or severe) regular campus. This instructional arrangement/setting is for providing special education and related services to a student who is in a self-contained program for 50% or more of the regular school day on a regular school campus.
- (7) Off home campus. This instructional arrangement/setting is for providing special education and related services to the following, []:
 - (A) a student who is one of a group of students from more than one school district [or charter school] served in a single location when a free appropriate public education is not available in the respective sending district [or charter school];
 - (B) a student whose instruction is provided by [the charter holder] personnel in a facility (other than a nonpublic day school) not operated by the charter holder; or
 - (C) a student in a self-contained program at a separate campus operated by the [charter holder] that provides only special education and related services.
- (8) Nonpublic day school. This instructional arrangement/setting is for providing special education and related services to students through a contractual agreement with a nonpublic school for special education.
- (9) Vocational adjustment class/program. This instructional arrangement/setting is for providing special education and related services to a student who is placed on a job with regularly scheduled direct involvement by special education personnel in the implementation of the student's IEP. This instructional arrangement/setting shall be used in conjunction with the student's individual transition plan and only after the [charter holder's] career and technology classes have been considered and determined inappropriate for the student.
- (10) Residential care and treatment facility (not school resident). This instructional arrangement/setting is for providing special education instruction and related services to students who reside in care and treatment facilities and whose parents do not reside within the boundaries of the school providing educational services to the students. In order to be considered in this arrangement, the services must be provided on a school campus. If the instruction is provided at the facility, rather than on a school campus, the instructional arrangement is considered to be the hospital class arrangement/setting rather than this instructional arrangement. Students with disabilities who reside in these facilities may be included in the average daily attendance of the school in the same way as all other students receiving special education. [See the TEA Letter to the Administrator Addressed, dated February 14, 2001.]
- (11) State school for persons with mental retardation. This instructional arrangement/setting is for providing special education and related services to a student who resides at a state school when the services are provided at the state school location. If services are provided on a local school campus, the student is considered to be served in the residential care and treatment facility arrangement/setting. [See the TEA Letter to the Administrator Addressed, dated February 14, 2001.]

☒ 34 CFR §300.552. Placements.

(See Appendix A to CFR Part 300; Q. 19, Q. 37)

In determining the educational placement of a child with a disability, including a preschool child with a disability, [the charter holder] shall ensure that—

- (a) The placement decision—

- (d) In selecting the LRE, consideration is given to any potential harmful effect on the child or on the quality of services that he or she needs; and
- (e) A child with a disability is not removed from education in age-appropriate regular classrooms solely because of needed modifications in the general curriculum.

34 CFR §300.553. Nonacademic settings.

In providing or arranging for the provision of nonacademic and extracurricular services and activities, including meals, recess periods, and the services and activities set forth in §300.306, [the charter holder] shall ensure that each child with a disability participates with nondisabled children in those services and activities to the maximum extent appropriate to the needs of that child.

This subsection applies only to an expulsion under:
- (1) §37.007(b), (c), or (f); or

ADMISSIONS POLICY

Fort Worth Academy of Fine Arts (FWAFA) is an open-enrollment charter school specializing in performing arts as provided by Texas Education Code § 12.1171 and as such will admit students with a desire to fulfill their artistic ability. Students in grades K-6 will be exposed to all the arts in addition to the academic curriculum. These students will audition in vocal music, theatre, and dance. Beginning in grade 7 and continuing through grade 12 students will select two of the arts in which they want to study along with the required academic curriculum. They will audition in two of the following, vocal music, theatre, dance, or instrumental. FWAFA is a nonsectarian school and shall not discriminate in admission on the basis of sex, national origin, ethnicity, religion, disability, academic ability, athletic ability, or the district the child would otherwise attend. Students who have documented histories of a criminal offense, a juvenile court adjudication, or discipline problems under Subchapter A, Chapter 37 will be excluded from admission in accordance with Texas Education Code § 12.111(a)(6)(A). This admissions policy will be revised as necessary to conform to the new Commissioner rules concerning the admission of students to open-enrollment charter schools specializing in performing arts.

RE-ENROLLMENT OF RETURNING STUDENTS:

Currently-enrolled students desiring to return for the following school year must file a re-enrollment form between the first Monday in January and the second Friday in January. Returning students who timely reapply will automatically be re-enrolled and will not be required to audition.

ADMISSION OF NEW STUDENTS:

New applicants must file an admissions application between the third Monday in January and a date determined by the Executive Director of FWAFA that will be between thirty (30) to forty (40) days after the date on which the application period begins. The Executive Director shall determine the number of available positions for each grade level.

New students who timely file admissions applications will be required to audition for admission. Audition criteria for grades K-8 and for each discipline in high school will be determined by the Artistic Director after consultation with the faculty and the Artistic Committee. Audition criteria will be published along with other admission requirements by January 1 of each year. After the auditions are completed, the artistic faculty will determine how many auditions met the minimum criteria for admission. The available openings will be offered to the individuals with the highest audition scores. Individuals will be notified of their acceptance no later than June 23, 2006. If the number of applicants whose auditions met the minimum criteria for admission exceeds the number of available openings, the remaining applicants will be assigned to a "primary waiting list" for the relevant grade based on their audition scores. The individuals on the primary waiting lists will be offered admission as openings arise. The primary waiting lists will only be maintained for the school year for which admission was originally sought, and the individuals on these lists will be required to reapply and re-audition to gain admission for the next school year.

FWAFA will also accept admissions applications filed after the application deadline has passed. These applicants' names will be placed on "secondary waiting lists" for each grade. If an opening occurs in a grade and there are no individuals on the "primary waiting list" for that grade, applicants on the secondary waiting list for that grade will be allowed to audition for the opening. The same audition criteria used for the applicants who applied during the application period will be used for these auditions. The opening will be offered to the individual with the highest audition score, provided that the individual's audition met the minimum criteria for admission. If there are any individuals who are not offered an opening but whose auditions met the minimum criteria for admission, these individuals will be assigned to the primary waiting list for the relevant grade and offered admission as openings arise throughout the school year. The secondary waiting lists will only be maintained for the school year for which admission was originally sought, and the individuals on these lists will be required to reapply and audition to gain admission for the next school year.

Section VI. Admissions Policy

B. FWAFAs lottery procedures are as follows.

1. Applicants fill out an application, see attachments, which requests the applicant's name, parent's/guardian's name, address, contact telephone number, grade level, and home school district. No other information is required or requested.
2. Applicants are placed in one of two groups. Group 1 consists of any siblings of current students. Group 2 is everyone else.
3. All applicants names are typed on identical slips of paper, which are separated first by group, see two above, and then by grade level.
4. Based upon grade level, a lottery for Group 1 accursings by randomly drawing one slip of paper at a time. This continues until all names have been drawn. The lottery secretary tracks the order of the names drawn.
5. A described in # 4 above, Group 2's lottery is conducted in the same manner.
6. Based upon the order of names drawn, available slots are filled, and a waiting list is compiled. For example, if a grade level had five openings, the first five names drawn would be admitted and number 6 would be the first name on the waiting list.
7. All lottery participants are informed within one week of the drawing via the US mail.

- C. If the school utilizes a lottery when over subscribed, are any categories of applicants exempted from the lottery? If "Yes" was indicated in C above, stat the categories of applicants that are exempted.

Though no categories of applicants are exempted, current students and siblings of current students have priority via priority grouping in the lottery (see description of lottery in admission's policies, Section VI, part B, #2.)

- F. Describe the information that an applicant must provide in order to be considered for admission.

FWAFA requires applicants to provide only the following information.

- a. Legal name
- b. Parent's/Guardian's name
- c. Contact information consisting of mailing address and contact telephone number(s).

Applications for existing students shall commence on January 1st of each year and shall end on January 31st of that same year.

C HOIR H ONOR O BEDIENCE I NTEGRITY R ESPECT

As a student of Fort Worth Academy of Fine Arts, and The Texas Boys Choir, or The Girls Choir of Texas, or The Children's Choir of Texas, I will follow the rules stated below concerning transportation (additional transportation information is included in the school handbook). I understand that these rules are for my safety and for the safety of others. After reading the rules thoroughly, I will sign and return the attached "TRANSPORTATION CONTRACT" signifying my understanding of the expectations listed below.

I will sit in my assigned seat.

I will wear my seat belt in the proper manner at all times.

I will honor "code one" while vehicle is maneuvering, such as parking, backing, or in inclement weather.

I will talk only to those seated next to me, in a soft voice, when talking is allowed.

I will respect the vehicle in which I am riding, as well as the other riders and their property.

I understand that I may study, read, sleep, listen to music with headphones, or play electronic games that can be muted or used with headphones while in the vehicle. I will keep the headphone volume at a level that does not disturb others.

I will control my behavior at all times to ensure the safety of myself, the driver, and the other passengers.

I understand that my inability to follow the rules as stated in this document or by verbal instruction from the driver will result in disciplinary action.

Consequences:

First offense: verbal warning

Second offense: written infraction, to be signed by the parent and returned the next day. If behavior does not improve immediately, a conference with the student, parent, driver or school representative will be called.

Riding privileges may be temporarily suspended or permanently revoked if behavior continues to be a problem.

Keep this page for your information. **Return the attached sheet** to school.

Fort Worth Academy of Fine Arts

- the representations and assurances made by the charter holder in the original request for application under the standard application system;
- the original contract for charter, as signed by the charter holder and the State Board of Education;
- any condition, amendment, modification, revision, or other change to the charter approved by the State Board of Education or the commissioner of education;

Note that this contract is contingent upon legislative authorization and that the contract and the funding under state and federal law may be modified or even terminated by future legislative act. Furthermore, state and federal laws and rules may periodically be adopted, amended, or repealed and all such changes applicable to the charter holder or its charter school(s) may modify this contract, as of the effective date provided in the law or rule. A contract term that conflicts with any state or federal law or rule is superseded by the law or rule to the extent that the law or rule conflicts with the contract term.
